Electronic books are the digital equivalent of hard copy books.

Some of the e-books and e-book websites only allow access to a limited number of SU members at the same time. You will get a message that the book is not available and you will have to try again later.

On most, but not all, **clients can create a free, individual account** which will allow the reader to:

- save books to a personal bookshelf from where it can be accessed again at a later stage
- highlight sections and insert notes
- print individual pages

For more information on E-books , see link:

Duoethnography is a collaborative research methodology in which two or more researchers juxtapose their life histories in order to provide multiple understandings of a social phenomenon. Using their own biographies as sites of research and creating dialogic narratives, they provide multiple perspectives of this phenomenon for the reader, inviting the viewer to enter the conversation. The dialectic process of creating duoethnography is also designed to be transformative to the writers. In this volume, two dozen scholars present the

IMPORTANT: On-campus use of subscription e-resources with or without Inetkey

Although the Library's subscription e-resources are still available free of charge on-campus, opening the Inetkey will download their web pages faster. Due to many add-ons such as adverts, Google Analytics, etc. which come as a given with web pages nowadays and over which the Library has no control, the page will download slower with the Inetkey closed. Do note that on-campus, even with your Inetkey open, you won't be charged for the subscription e-resource's base URL, only for the add-ons to the web page.

Request an Interlibrary loan

Interlibrary loans is a service available to request books and articles, not available at the libraries of the Stellenbosch University Library and Information Service. Documents are requested from South African libraries as well as international libraries.

The screenshot shows the website of the Stellenbosch University Library and Information Service. The header includes the university logo, the name 'UNIVERSITEIT STELLENBOSCH UNIVERSITY', the title 'LIBRARY AND INFORMATION SERVICE', social media icons, and language options 'ENGLISH | AFRIKAANS' with a link to 'Stellenbosch University Home'. The main navigation bar contains links: 'FIND', 'USING THE LIBRARY', 'RESEARCH', 'LEARNING', 'LIBRARIES', 'HELP', and 'ABOUT US'. The 'USING THE LIBRARY' link is circled in blue. A dropdown menu is open under this link, listing various services. A blue arrow points from 'Borrowing from other libraries' in the dropdown to a secondary menu. This secondary menu contains 'Request an interlibrary loan', 'Interlibrary loans', and 'Visiting & using other university libraries'. A blue box in the bottom right corner provides additional information about the service.
