IMPORTANT: On-campus use of subscription e-resources with or without Inetkey

Although the Library's subscription e-resources are still available free of charge on-campus, opening the Inetkey will download their web pages faster. Due to many add-ons such as adverts, Google Analytics, etc. which come as a given with web pages nowadays and over which the Library has no control, the page will download slower with the Inetkey closed. Do note that on-campus, even with your Inetkey open, you won't be charged for the subscription e-resource's base URL, only for the add-ons to the web page.

Advanced Search

Enter one or more search criteria below. Boolean AND, OR and NOT are supported (e.g. higgs AND boson). Use quotation marks (" ") to find an exact phrase (e.g. "baryon decay"). Use asterisks to match partial words in fields (e.g. neutron*). For proximity searching, use the operators of the tilde (~) and a number to specify the number of words.
